

# UNITED STATES SOLELY FOR GERMAN RIGHTS

## NEUTRAL CAN NOT BE A FAVORABLE

### PRIMARIES' DATE IN GEORGIA FIXED BY HOUSE MEASURE

General Judiciary Committee No. 1 Favors Bill Calling for Vote on Second Wednesday in September.

### ROTATION OF JUDGES MEETS WITH FAVOR

Ways and Means Committee to Pass on Anti-Tipping Bill—Subcommittee Gets Divorce Bills.

The date for all democratic primaries is set for the second Wednesday in September in a house bill reported favorably by the general judiciary committee No. 1 Friday.

The bill provides that instead of the state executive committee setting a date for such a primary it shall be set by law on the date named.

This will cover the primary for United States senators, governor, state-house officers, congressmen, justices of the supreme court and court of appeals, superior court judges and solicitors general.

It is believed the bill will pass the house and the senate.

### ANTI-TIPPING MEASURE.

Although the anti-tipping bill failed in the judiciary committee Friday afternoon, the measure may not be dead, as that committee recommended to the ways and means committee a measure which may have a better effect.

The bill made it a misdemeanor for any person in railroad trains or hotels to receive a tip. The committee at first voted for it, but reconsidered.

It was then decided to ask the ways and means committee to present a bill providing for a tax on all railroads and hotels that permitted tipping.

Under the law the state will be divided into four sections and the superior court judges will rotate in their respective sections.

The bill was framed by Representative Stark, of Jackson county. He says that he does not think there will be any serious opposition to the bill in either the house or the senate.

LIABILITY BILL  
ADVISED.

Four important bills were acted upon by the general judiciary committee No. 2 of the house, Friday.

The fellow servant liability bill was reported upon adversely. The bill aimed to make corporations and companies liable for personal injuries to an employee caused by the negligence of a fellow employee.

The committee acted favorably upon a bill making it a misdemeanor for any person to bring stolen property into the state.

A bill to provide for uniform execution of all telephone and electric poles on public highways was reported adversely.

A bill making it a misdemeanor for any person to falsely represent himself as a deaf, blind, dumb or lame was reported adversely, because the committee thought such an offense was already covered by the law against cheating and swindling.

DIVORCE  
BILLS.

The house committee on general judiciary No. 1 decided Friday to refer to a subcommittee bills dealing with the divorce laws. There have been some twenty such bills dealing with all phases of the divorce law. The special committee will report some time next week.

### Thief Plays Havoc In Residence Where Money Was Scarce

"Lookout, and be sure that you leave more than a fifty-cent piece for these Atlanta burglars when you leave your house unguarded," is the warning sent out by Mrs. S. P. Baldwin, of No. 6 West 2nd avenue, last night, when she returned home about 7 o'clock to find that a burglar had entered her house, ransacked it and, disappointed at finding only 50 cents, had split butt, over the house.

Not satisfied with this he took her rings and ripped open the bed linen and dining room linen to small fragments. In the bed room he also ripped the mattresses on the beds.

Mrs. Baldwin left her house about 5:30 o'clock in the afternoon for a walk in West End Park, which is near her home.

Officers Haslett and Evans answered her call for the police.

### Millions of Men in Battle on East Front

BIG OFFENSIVE MOVEMENT AGAINST RUSSIA.

The limits of space make it impossible to show the full length of the eastern battle line. It extends to a point far north of Grodno and takes in the Baltic provinces of Russia. Between 5,000,000 and 7,000,000 men are involved. Three main offensive movements are shown, however. The one striking toward Ostrow has for its object the Bobr and Vistula. The advance, which has passed south of Przemysl, has backed the Russians up against the Narew, and a crossing there would give the Germans a chance to cut communications with Warsaw. The third, which is going north between Lublin and Cholm, has also for its object the cutting off of communications with Warsaw by the capture of important railroads. Further to the south is the army of General von Linington and the Austrians, which are keeping Bukovina clear for the present.

### Teuton Armies Driving Attacks Against Warsaw And Making Some Gains

Advances, However, Are Slight, as the Russian Forces Are Putting Up a Stubborn Defense.

London, July 23.—The Austrians and Germans are driving their attacks against the Russian armies defending Warsaw without let-up and at some points they report advances.

The attackers are operating, however, through country which the retreating troops have laid waste and where poor roads are little suited for heavy artillery movements necessary for bombardment of the great fortresses that bar the way.

The decisive actions, therefore, are not expected until the day after tomorrow, when the battle between the Vistula and the Bug rivers, where the German field marshal, Von Mackensen's army is operating, is expected.

"To market, to market  
To buy a fat pig.  
Home again, home again  
Jigly, jig."

Saturday is marketing day in Atlanta. The buying of foodstuffs is one of the important duties to be attended to.

Atlanta's best groceries and markets have learned by experience that thousands of eyes scan page two of the Saturday Constitution for opportunities to purchase certain articles of food. They tell their story each week on page two in order to reach these thousands of eyes.

Are you, Mr. Merchant, taking advantage of this service and getting your share of the business?

Constitution advertising brings the largest percentage of results because it reaches the people who have money to spend and spend it for dependable merchandise.

### Minister Is Charged With Murdering Man Over 45 Years Ago

Rev. W. H. McCart, Accused of Killing Monroe Smith, Jailed in Newton County While Visiting Relatives.

Covington, Ga., July 23.—(Special.)—Accused of killing Monroe Smith over forty-five years ago, Rev. W. H. McCart is held for trial in the Newton county jail here on a charge of murder.

McCart, who has been living in the west since the killing, was recognized and arrested during a visit to relatives in the western part of Newton county. The accused man became a minister after leaving Georgia. He has an attractive manner and talks interestingly of his travels.

The killing of Smith resulted, it is said, from an alleged attack on Mrs. McCart, mother of the man charged with the murder. It is reported that Smith struck Mrs. McCart a day or two before the killing.

The arrest has created a sensation. Older citizens of the county who recall the affair offered somewhat as to details. The tragedy occurred so long ago that few remember the exact circumstances.

### BODY OF UNKNOWN WHITE BOY FOUND IN TUGALOO RIVER

Hartwell, Ga., July 23.—(Special.)—The body of an unknown white boy about 13 years old with light hair was recovered this morning from the Tugaloo river.

The body was found by a party of men fishing, who notified the sheriff. There have been no reports of drownings in the river recently and the sheriff is at a loss as to identifying the boy. The boy has probably been dead for about two days.

### NOTE HAS FORCE OF ULTIMATUM, EDITORS ASSERT

But Carries No Bellicose Threat—American Press Almost Unit in Indorsing Reply—Very Discordant Note Sounded by Some of the German-American Editors, Who Bitterly Attack President Wilson.

Below will be found the comment of the press of the United States on the American note to Germany. The press is almost a unit in indorsing the note, especially its firmness and its plainness.

A discordant note is sounded by the few German-American papers. One of these, the Illinois Staats-Zeitung, published at Chicago, charges that the United States government "had a secret agreement with England to force a break with Germany," and expresses the hope that "Germany will not blame the people for the present government action."

Chicago Herald: President Wilson's third note to the German government is a masterpiece of diplomacy. It is a masterpiece in the language which a self-respecting man uses to a friend whose acts have wronged him and in the language which will be thought, the heart of America. Come what may, the nation will stand upon its feet.

St. Louis Republic: The third American note to Berlin leaves nothing to be desired in plainness of speech. In this note speak at once the will, the thought, the heart of America. Come what may, the nation will stand upon its feet.

Globe-Democrat: The note briefly and clearly states the position of the United States. It is a masterpiece of diplomacy. It is a masterpiece in the language which a self-respecting man uses to a friend whose acts have wronged him and in the language which will be thought, the heart of America. Come what may, the nation will stand upon its feet.

St. Paul Pioneer Press: It is a great American declaration of principle. It is a declaration representing the people, who, the sentiment of a free people, determined to defend them, and though

### TEXT OF AMERICAN NOTE DELIVERED TO GERMANY

Washington, July 24.—Following is the official text of the latest American note to Germany regarding submarine warfare, which was delivered to the foreign office at Berlin today by Ambassador Gerard:

The Secretary of State to Ambassador Gerard.—(Telegram.)—Department of State, Washington, July 21, 1915.—You are instructed to deliver textually the following note to the minister for foreign affairs:

The note of the Imperial German government dated the 8th of July, 1915, has received the careful consideration of the government of the United States and it regrets to be obliged to say that it has found it very unsatisfactory, because it fails to meet the real differences between the two governments and indicates no way in which the accepted principles of law and humanity may be applied in the grave matter in controversy, but proposes, on the contrary, arrangements for a partial suspension of those principles which virtually set them aside.

### Illegality Admitted by Germany.

The government of the United States notes with satisfaction that the Imperial German government recognizes without reservation the validity of the principles insisted on in the several communications which this government had addressed to the Imperial German government with regard to its announcement of a war zone and the use of submarines against merchantmen on the high seas—the principle that the high seas are free, that the character and cargo of a merchantman must first be ascertained before she can lawfully be seized or destroyed, and that the lives of non-combatants may in no case be put in jeopardy unless the vessel resists or seeks to escape after being summoned to submit to examination; for a belligerent act of retaliation is per se an act beyond the law, and the defense of an act as retaliatory is an admission that it is illegal.

The government of the United States is, however, keenly disappointed to find that the Imperial German government regards itself as in large degree exempt from the obligation to observe these principles, even where neutral vessels are concerned, by what it believes the policy and practice of the government of Great Britain to be in the present war with regard to neutral commerce.

### German Attack on Britain Irrelevant.

The Imperial German government will readily understand that the government of the United States cannot discuss the policy of the government of Great Britain with regard to neutral trade except with that government itself, and that it must regard the conduct of other belligerent governments as irrelevant to any discussion with the Imperial German government of what this government regards as grave and unjustifiable violations of the rights of American citizens by German naval commanders.

Illegal and inhuman acts, however justifiable they may be thought to be against an enemy who is believed to have acted in contravention of law and humanity, are manifestly indefensible when they deprive neutrals of their acknowledged rights, particularly when they violate the right to life itself. If the belligerent cannot retaliate against an enemy without injuring the lives of neutrals, as well as their property, humanity, as well as justice and a due regard for the dignity of neutral powers, should dictate that the practice be discontinued. If persisted in it would in such circumstances constitute an unpardonable offense against the sovereignty of the neutral nation affected.

### No American Rights Can Be Abated.

The government of the United States is not unmindful of the extraordinary conditions created by this war or of the radical alterations of circumstance and method of attack produced by the use of instrumentalities of naval warfare which the nations of the world cannot have had in view when the existing rules of international law were formulated, and it is ready to make every reasonable allowance for these novel and unexpected aspects of war at sea; but it cannot consent to abate any essential or fundamental right of its people because of a mere alteration of circumstance. The rights of neutrals in time of war are based upon principle, not upon expediency, and the principles are immutable. It is the duty and obligation of belligerents to find a way to adapt the new circumstances to them.

The events of the past two months have clearly indicated that it is possible and practicable to conduct such submarine operations as have characterized the activity of the Imperial German navy within the so-called war zone in substantial accord with the accepted practices of regulated warfare. The whole world has looked on with interest and increasing satisfaction at the manifest possibility of that possibility by German naval commanders. It is manifestly possible, therefore, to lift the whole practice of submarine attack above the criticism which it has aroused and remove the chief cause of offense.

### Disavowal and Reparation for Lusitania.

In view of the admission of illegality made by the Imperial government when it pleaded the right of retaliation in defense of its acts, and in view of the manifest possibility of conforming to the established rules of naval warfare, the government of the United States cannot believe that the Imperial government will longer refrain from disavowing the wanton act of its naval commander in sinking the Lusitania or from offering reparation for the American lives lost, so far as reparation can be made for a needless destruction of human life by an illegal act.

The government of the United States, while not indifferent to the friendly spirit in which it is made, cannot accept the suggestion of the Imperial government that certain vessels be designated and agreed upon which shall be free on the seas now illegally proscribed. The very agreement, by implication, subject other vessels to illegal attack and would be a curtailment and therefore an abandonment of the principles for which this government contends and which in times of calmer counsels every nation would concede as of course.

### For the Freedom of the Seas.

The government of the United States and the Imperial German government are contending for the same great object, have long stood together in urging the very principles upon which the government of the United States now so solemnly insists. They are both contending for the freedom of the seas. The government of the United States will continue to contend for that freedom, from whatever quarter violated, without compromise and at any cost. It invites the practical cooperation of the Imperial German government at this time when co-operation is most necessary and this great common object be most strikingly and effectively achieved.

The Imperial German government expresses the hope that this object may be in some measure accomplished even before the present war ends. It can be. The government of the United States not only feels obliged to insist upon it, by whomsoever violated or ignored, in the protection of its own citizens, but is also deeply interested in seeing it made practicable between the belligerents themselves, and holds itself ready at any time to act as the common friend who may be privileged to suggest a way.

### Solemn Warning Given Germany.

In the meantime the very value which this government sets upon the long and unbroken friendship between the people and government of the United States and the people and government of the German nation impels it to press very solemnly upon the Imperial German government the necessity for a scrupulous observance of neutral rights in this critical matter. Friendship itself prompts it to say to the Imperial government that repetition by the commanders of German naval vessels of acts in contravention of those rights may be regarded by the government of the United States, when they affect American citizens, as deliberately unfriendly.

### ANOTHER VIOLATION WILL BE REGARDED AS DELIBERATELY UNFRIENDLY ACT

In Official and Diplomatic Quarters the Note Is Regarded as the Strongest and Most Emphatic Pronouncement Yet Made by United States.

### UNITED STATES FIGHTS FOR FREEDOM OF SEAS WITHOUT COMPROMISE

And Fight Will Be Continued "At Any Cost." Sinking of the Lusitania Termed a Wanton and Illegal Act, and Germany Is Again Asked for Disavowal and Reparation—Note Concludes With Solemn Warning to Germany Not to Offend Again.

Washington, July 23.—The American note on submarine warfare, presented to Berlin today by Ambassador Gerard, was made public here tonight. It reveals that Germany has been informed it is the intention of the United States to regard as "deliberately unfriendly" any repetition by German naval commanders of acts in contravention of American rights.

The United States announces it will continue to contend for the freedom of the seas, "from whatever quarter violated, without compromise and at any cost."

### NOTE REGARDED AS EMPHATIC.

In official and diplomatic quarters the communication was viewed as the strongest and most emphatic pronouncement by the Washington government since the beginning of its correspondence with the European belligerents.

President Wilson returned to Corning, N. H., tonight.

On the assumption that Germany adheres to the principle of the illegality of her practices by attempting to justify them as retaliatory moves against Great Britain, the United States expresses the belief that Germany no longer will "refrain from disavowing

With \$6,000 in Gold in Sight,  
Abductor of Empey Is  
Taken by Cowboys.

Idaho Falls, Idaho, July 23.—Cowboys late tonight captured the abductor of Ernest Empey, a wealthy rancher who escaped several days ago and held for \$6,000 ransom, according to a report received here. The bandit, it is said, came down from Sheep Mountain at midnight and was taken.

Empey escaped late today as his captor slept in a hut on Sheep Mountain, five miles from Empey's ranch, where he had been taken at the point of a rifle. According to a report from Montpelier, Empey recognized his abductor as a man employed on his ranch five years ago.

Six thousand dollars in gold was taken late today to the point indicated by the abductor for payment tomorrow night for the release of the cattleman.

## LAST DITCH FIGHT TO KEEP C. BECKER FROM DEATH CHAIR

Condemned Man's Attorneys Secure Order Requiring State to Show Why a New Trial Should Not Be Granted.

## BLAME FOR THE MURDER SHIFTED TO SULLIVAN

Attorneys Allege That Becker Has Placed Own Foot on Scaffold by Keeping Promise to Shield the Late New York Leader.

New York, July 23.—An order directing the state to show cause why a motion for a new trial should not be granted to Charles Becker, sentenced to die Wednesday, was signed by Supreme Court Justice Pathin here today. The order is returnable Monday, in the supreme court before Justice Ford. District Attorney Charles A. Perkins will oppose the motion.

The last effort to save the life of

the former police lieutenant, twice convicted for instigating the murder of Herman Rosenthal, was made by W. Bourke Cockran, his chief counsel, who placed before Justice Pathin affidavits to which he said was newly discovered evidence.

Becker willing to be executed. Stating that by his silence in keeping a promise to shield the late Timothy D. Sullivan, Becker "has placed his own foot on the scaffold," Cockran declared that Becker was willing to face a cross-examination without any limitations or imposing any conditions on the state.

In the petition are affidavits from three attorneys associated at various times with Becker's defense, which show that they never had known of Sullivan's interest in Rosenthal, as revealed in Becker's appeal to Governor Whitman and later substantiated by Harry Applebaum, Sullivan's secretary.

An affidavit from Rev. James B. Curry, who frequently saw Becker in the Tombs, is embodied in the petition. Curry swore that two years ago Becker confided to him the same story he gave out in his appeal to the governor. Father Curry said he would persuade Becker to tell his counsel about Sullivan, but he refused.

Jack Rose's statement confirming Becker's story about meeting Sullivan and Applebaum at the circle theater 24 hours before the murder of Rosenthal, is in the new evidence. Rose, detailing his movements, in the two Becker trials never mentioned this, but testified that at the time he was in his house.

Cockran said as Sullivan made no affidavit before he died he would ask Justice Ford to cite Harry Applebaum so that he may be questioned as to the bribery fund Becker said was collected to spirit Rosenthal from the jurisdiction of the state.

Edward Ginty, formerly a deputy sheriff, in an affidavit, says that Rose told him that Rosenthal should not have been killed and that he had \$5,000 to give the gambler to leave town. Benjamin H. Kaufman made an affidavit that he had been with Rosenthal on the night before the shooting and that Rosenthal told him that

next day he would have \$15,000 and was going away.

Says Becker was "Framed Up." In another affidavit Louis Harris, a gambler, said that Rose confided to him that Becker was "framed up." Harris reported that Becker had a weak head, framed Becker because "Whitman wanted some one" and that he "knew him better."

A letter from Joseph Murphy, a prisoner in the Tombs in July, 1912, says he heard Webster, Rose and Sullivan in cells adjoining, conspiring to "frame Becker."

Another letter is from Harford T. Marshall, a defense attorney. Marshall says he refused to act as counsel for Becker when Webster, Rose and Sullivan were in the district attorney's office as to the guilt of Rose, Vallon and Webster and claim that now he cannot get an unprejudiced review of his case by the governor, for the man who prosecuted him is now the chief executive.

MRS. CARROLL LOSES POLICE COURT FIGHT

The trial of Mrs. B. E. Carroll, of 62 Walton street, a boarding house, which has occupied the attention of Recorder George E. Johnson since beginning last Saturday, and having ended last night when Judge Johnson fourfold over on the specific charge of running a disorderly house.

Dr. Horace Grant, well-known renting agent, testified that No. 62 Walton was the worst disorderly house that he had ever seen in Atlanta, even when the "red light" district was being made today, when the law was strictest, to the court that they were not prepared to give bond, having expected an acquittal at the hands of the court. Judge Johnson will assess her bond today.

army is advancing toward the Lublin-Chelm railroad, north of which has been broken the obstinate resistance of the Russians at several points.

RUSSIANS HOLD STRONG POSITIONS.

The Russians, however, have had lots of time to prepare defensive positions, and it is believed they will make every effort to hold them until, if necessary, their army retreats from Warsaw, and another attempt is made to reach the Vistula river, which is their last line of defense.

The northern German army, under Von Hindenburg, also is reported to have made progress, but it is stated that it has not yet crossed the Narw river, another natural defense of the Russian triangle behind the Polish capital.

From Norwogorivsk, but these Germans say, failed. Before Rusan, and the whole Polish salient was broken, the Bug river.

HARD FIGHTING ON WEST FRONT.

Severe fighting continues in the west. It is reported unofficially that the German army is trying to break through the British lines in the Somme valley, but official communications indicate that the German army is still in the hands of the British.

RUSSIANS FIGHT ON THREE FRONTS.

Petrograd, July 23.—(Via London.)—Field Marshal von Mackensen, operating between the Bug and the Dniester, is driving his sledge-hammer blows against the Russian lines, which are being directed from the north by the German army.

On the Carso front, Rome says an energetic effort is being made by the Austrians to break through the Italian lines, which are being directed from the north by the German army.

## ITALIANS GAINING SUCCESS IN SOUTH POLAND.

Vienna, July 23.—(Via London.)—An official communication issued today said that the Italian army had captured 200 prisoners and 100 machine guns.

## IMPORTANT BILLS PASSED BY SENATE

### Walker Measure Providing for Prompt Payment of Teachers Adopted.

**TEACHERS' BILL ADVANTAGES.** The plan to pay Georgia's school teachers promptly does away with the old system of not paying them until the next year. The plan is a year overdue. Under the Walker bill the county boards of education or school commissioners can convert into cash the warrants issued by the governor monthly. The benefit, however, is twofold, providing not only for prompt payment, but also for a lower rate of interest to be paid by the counties to the bank that converts the warrants into cash. This latter advantage would be accomplished by the increased safety and desirability of the warrants issued under the new plan, as approved by the federal reserve bank and by the National Park bank, the state's fiscal agent. New York Senator Walker has predicted that this latter advantage would be as low as four per cent, a rate annual saving of \$40,000 to the state.

The senate yesterday morning passed two important bills. One was the Walker bill, providing for the prompt payment of school teachers, whereby arrangements will be made with banks to honor the warrants of the governor drawn upon the state treasury for the payment of the teachers, when the warrants are received in the state treasury from the school boards.

The other bill provided for the office state auditor, which was passed with a number of amendments. The bill is amended.

The principal amendments were three offered, respectively, by Senators Boykin, Pickett and K. H. Pickett. An amendment by Senator Boykin, which was adopted, provided that the auditor shall have one assistant and clerk instead of two.

An amendment by Senator Pickett, of the clerk instead of the school auditor, his assistant and his clerk at \$1,500 and \$400 per annum, respectively.

An amendment by Senator Pickett, of the auditor, which was passed with a number of amendments. The bill is amended.

## AFFECTING SCENES MARK DEBATE OVER PENSIONS

### House Unanimously Agrees on Increase on Sliding Scale.

The confederate veterans of Georgia won a victory yesterday in the house of representatives when a bill to increase their pensions was passed.

There was no fight on the bill, but a few members of the house, thinking of the financial condition of the state, were inclined to go a little slow in the expenditures.

The bill was one of the most affecting scenes ever witnessed in the house. Many of the old veterans, who are members, wept when they heard their cause championed by the comrades and by the sons of veterans.

A striking feature of the debate was the speech by Mr. Wohlwendner, of Muscogee, who is a southerner by birth. His speech was one of the strongest appeals made for an increase of the pensions.

The annual pension for a veteran is now \$50 a year. The bill as passed made the pension as follows:

For the year 1915, \$50; for 1916, \$55; for 1917, \$60; for 1918, \$65; for 1919, \$70; for 1920, \$75; for 1921, \$80; for 1922, \$85; for 1923, \$90; for 1924, \$95; for 1925, \$100.

This scale was agreed upon under an amendment offered by Mr. Eiders, of Tattall.

The first speech was made by Mr. Darr of Glynn, a veteran, who spoke of the hardships of the war and of the men of the south went out to fight for their country. As he spoke his voice was frequently broken as he tried to keep back the tears.

Mr. Wohlwendner, of Muscogee, spoke next, and he said that he was not of the south by birth, but he had married a southern woman, and he said he rather see every other department of the state cut down or left out than to see the old veterans denied a single dollar of their pension.

Selections sent on approval anywhere.

Write or call for booklet, "Facts About Diamonds," and 10-page catalogue. They give net prices and full particulars about our liberal terms.

## Ask Legislative Aid To Establish Farms For Fultons "Drunks"

Legislative action will be invoked in a movement to establish farms for the habitual drunkards and drug addicts. A step in this direction was taken last night when Mr. Spralling, former head of the state hospital for inebriates, delivered a lecture to those interested in the project in the office of E. A. Scales, state auditor.

Mr. Spralling is now a practitioner in Atlanta. He formerly was house physician in the famous Matherman asylum for the insane, and was later connected with a similar institution in Elmira, N. Y. He will be one of the leaders in the movement to establish inebriate farms for Fulton county.

A committee composed of J. J. Spaulding, chairman, and Messrs. W. Smith and other Atlantians will urge legislative action.

The Brunswick club is due the players about \$150. This amount, the club officials say, is the share of the players of the Brunswick club's share from the post-season series, which they were to receive in addition to the players' percentage of the receipts.

Fans believe that had the players finished the series, that they would have received every cent commensurate to them in addition to their share of the receipts.

In the games played in the series, Valdosta won two and Brunswick one, the latter team being declared ineligible to win the pennant, being declared forfeited to the Valdosta club.

## ATLANTA BATTERY BOYS PUT IN STRENUOUS DAYS

Find That Practice on Government Target Range Is Hard Work.

By J. Walter McCraw.  
Anniston, Ala., July 23.—(Special).—The boys of the Atlanta artillery, Battery B, who are encamped here at Camp John T. Morgan, declared most unanimously tonight as they limped toward their tents with their bodies and aching limbs that the past two days have been the hardest and most strenuous they have ever spent.

Each day they have driven the cannon over rough country roads to the government target range, eight miles distant from the camp, going through extensive maneuvers and skirmishes to obtain the best position for attack on an imaginary enemy whose position was described to them, and then when the guns were planted for action firing pointed out by them over two miles distant.

Captain William M. Michel, of the Third United States field artillery, who is commanding officer of Camp John T. Morgan, and Lieutenant M. M. Bailey, United States artillery instructor-in-chief, had general charge of the work for instruction purposes. To a large extent, the boys of the Atlanta artillery, Battery B, and the men of the Third United States field artillery, who are encamped here at Camp John T. Morgan, declared most unanimously tonight as they limped toward their tents with their bodies and aching limbs that the past two days have been the hardest and most strenuous they have ever spent.

It is planned to hold the meeting on July 23, when the Columbus-Dublin Express will be in operation. The party comes through Dublin, where it will stop long enough to do this on its wayward trip.

However, the party will stop on return trip Monday, July 26, arriving here about 10 o'clock and spending the afternoon in Dublin. Hence this is the last day of the trip.

In the afternoon, on the 26th, Dublin will be reached. The party will then go to the "Right Road" Dixie highway from Columbus. The route of the party will be through the Dixie highway in the morning of the 27th.

Overland highway travel is the most comfortable and convenient. This joint afternoon session should prove "some good" to the meeting.

Morgan, declared most unanimously tonight as they limped toward their tents with their bodies and aching limbs that the past two days have been the hardest and most strenuous they have ever spent.

Each day they have driven the cannon over rough country roads to the government target range, eight miles distant from the camp, going through extensive maneuvers and skirmishes to obtain the best position for attack on an imaginary enemy whose position was described to them, and then when the guns were planted for action firing pointed out by them over two miles distant.

Captain William M. Michel, of the Third United States field artillery, who is commanding officer of Camp John T. Morgan, and Lieutenant M. M. Bailey, United States artillery instructor-in-chief, had general charge of the work for instruction purposes. To a large extent, the boys of the Atlanta artillery, Battery B, and the men of the Third United States field artillery, who are encamped here at Camp John T. Morgan, declared most unanimously tonight as they limped toward their tents with their bodies and aching limbs that the past two days have been the hardest and most strenuous they have ever spent.

It is planned to hold the meeting on July 23, when the Columbus-Dublin Express will be in operation. The party comes through Dublin, where it will stop long enough to do this on its wayward trip.

However, the party will stop on return trip Monday, July 26, arriving here about 10 o'clock and spending the afternoon in Dublin. Hence this is the last day of the trip.

In the afternoon, on the 26th, Dublin will be reached. The party will then go to the "Right Road" Dixie highway from Columbus. The route of the party will be through the Dixie highway in the morning of the 27th.

Overland highway travel is the most comfortable and convenient. This joint afternoon session should prove "some good" to the meeting.

Letters have been received in Atlanta from J. A. Taylor, of Memphis, attacking Mr. Cockrum and his organization. The National Ginners' association, Mr. Taylor announced, the Taylor organization was in no way connected with the Ginners' association, of which he is president.
